Contactless payment on buses and trams

You can pay contactlessly at the white terminal on all De Lijn buses and trams.* It's easy and quick, and means you always have a valid ticket with you.

A single trip costs **3 euro**. **Travelling as a group?** Payment can be made for up to five people with the same means of payment.**

Your ticket will then be held on your means of payment. If there's a ticket inspection, your bank card (or contactless means of payment) will be scanned with an inspection device.

Always check the website or app before you leave. That way you won't be faced with any surprises. That way you travel prepared and carefree.

POS of

delijn.be/en/storelocator/

The screenshot shows a web interface for finding sales points. On the left, a yellow sidebar contains a search bar with the text "You are looking for a sales point in the ... area" and a search icon. Below the search bar is a dropdown menu labeled "WHAT MARKET/PASS OR SERVICE ARE YOU LOOKING FOR?" with "Travel information and advice" selected. Underneath, there are three suggestions based on location, each with a walking icon, a bus icon, and a location name: "Lijnwinkel Oostende Station", "Mobiele Lijnwinkel", and another "Mobiele Lijnwinkel". A yellow button at the bottom of the sidebar says "Show more sales points". The main area is a map of Belgium with several yellow location markers. A blue circle highlights the dropdown menu.
